

Mother Daughter Scrapbooking Weekend November 19-21, 2010

Join us for a fun girls weekend with your mother or your daughter (or grandmother, granddaughter, aunt, niece, sister or best friend). This is the perfect weekend to bring your daughter (ages 7 and up) and either introduce her to scrapbooking or dive into a productive weekend. Also, a perfect weekend to bring your mom for some quality time together.

After some croppin time, take a break at the indoor heated pool or visit the tax-free outlets in neighboring North Conway. We have lots of little "extras" planned for the girls too! Brenda White, a talented Creative Memories consultant and her daughter teach interesting workshops and give wonderful pointers for individual projects. We have limited seating at this retreat, giving you lots of personal cropping space.

Creative Memories Products will be available to purchase with workshops & tips.

Weekend package includes
